

AB-PN871

ANXA11-pY482 Antibody

Phosphosite-specific rabbit polyclonal antibody for ANXA11

Address: 8755 Ash Street, Suite 1
Vancouver, British Columbia,
Canada V6P 6T3

Target Protein

Protein Name Long:	Annexin A11
Protein Alias:	Annexin-11; ANX11; CAP50
UniProt ID:	P50995
Protein Molecular Mass:	54,390 Da (505 AA)

Immunogen

Antibody Immunogen Source:	Synthetic phosphopeptide patterned after human ANXA11
Antibody Immunogen Sequence:	CGKSL(pY)HDI
Antibody Immunogen Description:	Corresponds to amino acid residues G478 to I485. The effect of Y482 phosphorylation in ANXA11 is unclear. It is the major site of <i>in vivo</i> phosphorylation by mass spectrometry (≥ 178 reports recorded in PhosphoSitePlus).
Antibody Target Type:	Phosphosite-specific

Production

Antibody Host Species:	Rabbit
Antibody Type:	Polyclonal
Antibody Isotype:	IgG
Production Method:	The immunizing peptide was produced by solid phase synthesis on a multipепptide synthesizer and purified by reverse-phase hplc chromatography. Purity was assessed by analytical hplc and the amino acid sequence confirmed by mass spectrometry analysis. This peptide was coupled to KLH prior to immunization into rabbits. New Zealand White rabbits were subcutaneously injected with KLH-coupled immunizing peptide every 4 weeks for 4 months. The sera from these animals was applied onto an agarose column to which the immunogen peptide was thio-linked. Antibody was eluted from the column with 0.1 M glycine, pH 2.5. Subsequently, the antibody solution was neutralized to pH 7.0 with saturated Tris.
Amount:	25 μ g
Antibody Concentration:	0.35 mg/ml
Storage Buffer:	Phosphate buffered saline pH 7.4, 0.05% Thimerasol
Storage Conditions:	For long term storage, keep frozen at -40°C or lower. Stock solution can be kept at $+4^{\circ}\text{C}$ for more than 3 months. Avoid repeated freeze-thaw cycles.
Storage Stability:	>2 years

Applications

Product Use:	Western blotting Antibody microarray
Antibody Dilution Recommended:	2 μ g/ml for immunoblotting
Antibody Species Reactivity:	Human Rhesus macaque Dog Mouse

This product is for *in vitro* research use only and is not intended for use in humans or animals.
