

AB-PN872

CHMP2B-pS199 Antibody

Phosphosite-specific rabbit polyclonal antibody for CHMP2B

Target Protein

Protein Name Long:	Charged multivesicular body protein 2b
Protein Alias:	Chromatin-modifying protein 2b
UniProt ID:	Q9UQN3
Protein Molecular Mass:	23,907 Da (213 AA.)

Immunogen

Antibody Immunogen Source:	Synthetic phosphopeptide patterned after human CHMP2B
Antibody Immunogen Sequence:	C(βA)ATI(pS)DEE
Antibody Immunogen Description:	Corresponds to amino acid residues A196 to E202. The effect of S199 phosphorylation is unclear, but this is the major <i>in vivo</i> site of phosphorylation in this protein with ≥88 mass spectrometry reports recorded in PhosphoSitePlus.
Antibody Target Type:	Phosphosite-specific

Production

Antibody Host Species:	Rabbit
Antibody Type:	Polyclonal
Antibody Isotype:	IgG
Production Method:	The immunizing peptide was produced by solid phase synthesis on a multi-peptide synthesizer and purified by reverse-phase hplc chromatography. Purity was assessed by analytical hplc and the amino acid sequence confirmed by mass spectrometry analysis. This peptide was coupled to KLH prior to immunization into rabbits. New Zealand White rabbits were subcutaneously injected with KLH-coupled immunizing peptide every 4 weeks for 4 months. The sera from these animals was applied onto an agarose column to which the immunogen peptide was thio-linked. Antibody was eluted from the column with 0.1 M glycine, pH 2.5. Subsequently, the antibody solution was neutralized to pH 7.0 with saturated Tris.
Amount:	25 µg
Antibody Concentration:	0.75 mg/ml
Storage Buffer:	Phosphate buffered saline pH 7.4, 0.05% Thimerasol
Storage Conditions:	For long term storage, keep frozen at -40°C or lower. Stock solution can be kept at +4°C for more than 3 months. Avoid repeated freeze-thaw cycles.
Storage Stability:	>2 years

Applications

Product Use:	Western blotting Antibody microarray
Antibody Dilution Recommended:	2 µg/ml for immunoblotting
Antibody Species Reactivity:	Human Chimpanzee Rhesus macaque Dog Mouse Platypus Chicken Frog Zebra fish

This product is for *in vitro* research use only and is not intended for use in humans or animals.
