## Applications

Product Use:

For assaying the phosphotransferase activity of Serine/threonine-protein kinase Sgk2 (UniProt ID Q9HBY8). The KinSub1RRGSV peptide demonstrated medium phosphotransferase activity with Brk, and exhibited medium specificity when assayed with over 200 other protein kinases. A listing of other kinases that show appreciable phosphotransferase activity towards this peptide are listed in Table 1.

This product is for in vitro research use only and is not intended for use in humans or animals.
